New modern development La Montesa de Marbella in Cabopino, Marbella East.

La Montesa de Marbella is a new, fresh and contemporary off-plan development consisting of just 39 apartments & penthouses. Situated in a privileged location with stunning views of the coast, of Cabopino port and Cabopino golf. The homes are carefully arranged to maximise the outstanding views and are surrounded by beautiful, extensive gardens with a communal swimming pool. The apartments have south and south-west orientation offering panoramic sea views. Modern, open plan interiors. Built for your comfort with air conditioning and fully fitted kitchens. On a clear day you have views of Gibraltar and Africa. One of the most notable design features of the apartments is the use of large windows. The windows in the living area are full height, from floor to ceiling, these open and slide into the walls. This transformation unites the inside with outside living areas allowing owners to enjoy the unique micro-climate which Marbella has to offer, all year round.
